

"To invent, you need a good imagination and a pile of junk."
Thomas A. Edison

Welcome to the Invent Idaho Southeastern Regional Invention Convention!

The Invent Idaho program, affiliated with the National Invention Convention, provides an opportunity for students' innovative ideas to shine. I hope that you are able to participate! Please visit www.inventidaho.com for further program information, or contact Cristine Casselman at ccasselman@gracepocatello.org

AWARDS CEREMONY: 3:00 pm **Everyone can join us for a celebration of creativity!*

Take ALL Projects home by 4:00 pm *Projects left after 4:30 pm will be discarded.*

ISU Activities for student inventors & their families throughout the day!

- Stop by the ISU Recreation Center to play pool, ping pong or a game of bowling for the discounted price of \$2.50/game!!! Get your discount 'code' when you check your project in.
- Visit the Idaho Museum of Natural History on campus and check out the latest exhibit! The first handful of inventors to check their projects in will receive a FREE admission to the museum.

Student inventions will compete for placement in the regional competition in order to advance to Invent Idaho State Invention Convention! First, second, and third place awards will be given, along with Best of Category and Best of Show. Further information about the state competition will be forwarded to winners after the competition and judge rubrics can be shared with the inventors by request.
